TP PRECISION CO., LTD.

Specialized in making high precision machined components by
Swiss Auto Lathes and CNC machines.

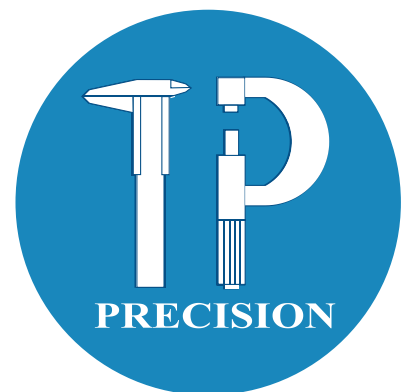

Thriving and Prosperity...

Founded in 2011, **TP PRECISION Co., Ltd.** is a manufacturing company specialized in making high precision machined components by Swiss Auto Lathes and CNC machines for export and domestic consumption with a charter capital of \$ 500,000 USD.

Our products have been exported to USA, UK, Netherlands, Japan, Malaysia and Thailand... We are also a reliable supplier of many Japanese, Korean, Taiwanese and Vietnamese companies which located at Export Processing Zone and Industrial Zone in Vietnam.

Equipments

MAIN OPERATION

- Star CNC SB-16 Swiss type automatic lathe (1)
- Star CNC VNC-20 Swiss type automatic lathe (1)
- Star CNC VNC-32 Swiss type automatic lathe (1)
- Star CNC RNC-16 Swiss type automatic lathe (1)
- Citizen CNC L-32 Swiss type automatic lathe (1)
- Tsugami CNC FA-65 Turing Center (1)
- Star Swiss type automatic lathe (12)
- Nomura Swiss type automatic lathe (3)
- Bechler Swiss type automatic lathe (15)
- Tornos Swiss type automatic lathe (4)
- Miyano automatic lathe (2)

SECOND OPERATION

Lathe machine, Milling machine, Tapping machine, Drilling machine, Thread Rolling Machine, Stamping Machine ...

INSPECTION EQUIPMENTS:

Profile Projector PJ 300, Toolmaker Microscope, Digital Micrometer, Digital Caliper, Digital Indicator, Thread plug gage, Thread Ring Gage ...

Capability

Small-Scale Productions: 1,000 parts down.
Medium-Scale Productions: 1,000 to 50,000 parts.
Large-Scale Productions: from 50,000 parts up.
Diverse Production for a wide range of parts.
Flexibility and Adaptability to customer demand.
Capability to produce prototypes and pre-series.

We are a manufacturing company specialized in making high precision machined components by Swiss Automatic Lathes and CNC machines originated from Switzerland and Japan. Our machines are operated by 10 years experienced technical and qualified team that assured each of our products is built to the highest quality with competitive price and on – time delivery.

Products

Our Products are used in many high tech sectors, including Aerospace, Defense, Medical equipments, Automobiles, Motorcycles, Electronics, Telecommunications, Optical equipments, micro-mechanics, Household equipments... and other industries.

Materials

We can make small diameter parts from many types of metals and plastics materials.

Aluminium: A2011, A2017, A5052, A6061, A6063...

Copper, Brass: C1100, C18150, C2700, C3602, C3604, C5191...

Steel: SUM23, SUM 24L, S10C, S15C, S45C...

Stainless Steel: SUS201, SUS303, SUS303Cu, SUS304, SUS430F...

Plastic: POM, Acrylic...
